Short Description

A kit for the 3.7L Ford Cyclone engine which contains a pair of crossover manifolds, six SF51 taper bodies, linkage, fuel rails and 90mm long air horns.

Description

A kit for the 3.5 Ford Cyclone engine which contains a pair of crossover manifolds - six SF51 taper bodies - linkage - fuel rails and 90mm long air horns. Curved air horns are available to suit low bonnets (e.g. Ginetta G50).

This engine is used in the Ford Edge and Lincoln MKX in the USA and in the Ginetta G50 and G55. Please note: Curved air horns are required to suit low bonnets (e.g. Ginetta G50). Made to order.

Made to order - up to 2 weeks to dispatch.

The picture above shows the kit being electronically actuated. Our ETA are sold separately or can be ordered as CKFD15-ETA
