Brand: Jenvey
Product Code: CKCT03-ETA
Availability: 7 Days
Weight: 8.00kg
Dimensions: 50.00cm x 30.00cm x
30.00cm

Price: \$9,825.00

Short Description

The ideal choice for atmo circuit and race LS3 engines. This kit comes with all of the brackets, linkages and electronic actuator included for Drive By Wire (DBW) control.

Description

Designed with pure performance in mind. the CKCT03-ETA kit comes with tapered 58mm throttle bodies and Jenvey ETA2 electronic drive by wire actuator for totally customisable control.

This ITB kit boosts mid range and top end torque and power while providing awesome throttle response. The tapered throttle bodies help boost mid range torque will providing plenty of maximum airflow for great top end performance.

Chevrolet LS3 ITB throttle body kit from Jenvey Dynamics includes eight SFD58/45/0 taper throttle bodies with a solid linkage, two EFI inlet manifolds, two fuel rails and eight 20mm long airhorns. Jenvey throttle bodies and all Jenvey throttle body accessories are engineered for Motorsport, offering excellent performance, reliability, lightness and value. This kit is ideal for road, track or rally

use.

Kit contents

Jenvey Manifold (MCT03)

Eight SFD58 race series tapered throttle bodies

Eight 20mm long aluminum trumpets

Linkages and electronic DBW actuator

Fuel Rails (Suits Bosch std length injectors)
