

Bosch Motorsport IAC Inductive Speed Sensor

Brand: Bosch Motorsport

Product Code: BOSIAC

Availability: In Stock

Weight: 0.10kg

Dimensions: 10.00cm x 10.00cm x 2.00cm

Price: \$129.25

Short Description

High reliability inductive sensor, often used for crank angle or engine speed sensing or wheel speed.

Technical Details

Application	Speed
Max Frequency	<15khz
Target Air Gap	0.8 +/-0.3mm
Operating temp range	-40C to 130C
Storage temperature	-40C to 100C
Max vibration	800m/sec ² max 80h

Magnetic Pole	Round
Bore diameter	18mm
Tightening torque	8Nm
Weight w/o	40g

wire
Installation 33mm
depth
